Hope these lines will find you in good health! With immense joy and gratitude we pen these words. Dear madam we received your loving gift. It was a great surprise! A great relief too! Scientific tests proved that almost all our water resources are contaminated and we were in great trouble. We had to rely on our borewell. That too was not working during summer. God was so kind and considerate towards us. He send us this gift through you which was a great help in need.

So it is with much joy that we thank our God and you for this timely help. Our sisters are also happy and joined us to thank you. We pray that you and your family may experience God's peace and joy now and forever.

Once more thanking you.

Dear Madam

Greetings from L.F.C., Children's Home

It is with great pleasure and deepest sentiments of gratitude we are forwarding this letter. We can't but remember you gratefully for the wonderful service you have rendered for our poor little children. We are really blessed with your generous help; we must admit that your help would prompt our kids to raise their minds and hearts to the Almighty in their prayer sessions.

The aqua guard you gifted to our little children is really a great help. The machine provides our children fresh water to drink. In fact we were suffering from the scarcity of the fresh and pure water, and we are extremely happy to inform you that your timely aid helped us to find out a solution for this problem. In the absence of the aqua guard provided by your generosity we were forced to boil the water to drink, which the children never wanted to do.

The machine provides the children pure water to drink and they are quite happy about it. We are well convinced about the importance of fresh water forming a healthy body and a vigorous mind, and of course your support and aid helped us to provide our poor little children with these facilities.

So dear sponsors together with our little children we also raise our hearts and hands to the Almighty for you all. May the good Lord bless you all for the wonderful things you have done for our little children, may the Lord successfully complete every one of your plans.

May God Bless You

Dear Madam,

Its a pleasure and privilege for me to send a few lines to extend my gratitude to you for the great favour you have done to the children of our orphanage. I don't know how to thank you for your generosity and concern shown to the needy. May God reward you for the good you have done.

The Aqua Guard you have donated to the inmates of our children's home will surely protect them from diseases spread through water. The device is installed in the dining room of the children so that the children can use pure drinking water freely. All inmates of our orphanage are happy to have the Aqua Guard as their own. Your helpful support is welcome to this institution for destitute children, in the future also.

Madam, on behalf of the children and management of our institution, I thank you again for the gift you have given to our children. Convey our love and regards to all who are dear to you.
